MTC & ABAG

RE: PLAN BAY AREA

Dear Ms. Worth and Mr. Luce,

The League of Women Voters of San Francisco has long supported regional planning. We strongly support the coordination of transportation and housing planning in the draft Plan Bay Area.

We support growth through infill rather than sprawl. We also believe that the plan must provide robust incentives for affordable housing.

In view of the influx of tech workers into the city, we are working to accommodate housing for them, including building micro units. However, there is also a large population of these workers who commute to the Peninsula and we are concerned that Caltrain does not have a dedicated source of funding.

We commend ABAG and MTC for working together so effectively to develop a regional plan.

Yours sincerely,

Patricia McGovern
