* LWVBA VIRTUAL COUNCIL MAY 30, 2009

Rather than gather at the end of the League year, we will try an “on-line” Council for the first time. We will submit the budget for your review on line. Each League is entitled to two (2) votes at Council so when you get the proposed budget send any suggestions and your two (2) votes to co-chair Nikki Harris (nikkihar@aol.com).

In addition we will be asking each League to send “Three Innovative Activities” to share with other Leagues. Be thinking about these activities (I will send reminders in a couple of weeks.) Send these to Mary Ann Benson (wmmabenson@gmail.com) to be compiled and sent out to celebrate our Virtual Council.

* BAY AREA LEAGUE DAY - Water: California’s New Gold

Just a reminder that slides from some of the presenters are still available at www.lwvbayarea.org. Scroll down to Document Library and then Bay Area League Day reports. They provide a good review of the speakers' points.

* LWVBA LETTERS TO AC TRANSIT AND MTC

Your Bay Area League has recently written letters commenting on actions of AC Transit and the Metropolitan Transit Commission. To see these letters go to www.lwvbayarea.org and click on Letters under Advocacy.

* WATER SAVING TIP #2

* IN MEETINGS
